Hydro turf sheets cheap

Add 3M self-adhesive for hydro grass sheet #SHT47 #SHT47CG #SHT47CD hydro grass for solid/camo 47 x 86 and 1/4 (6mm) hydro grass installation! The only 'swamp camo' stock of swamp CAMO*** hydro grass is called B Stock. B stock means that the sheet is not UV-stable and can fade or crack. Hydro Grass suggests that if you choose to purchase this sheet, you will retain it when not in use. The sheets are discounted and there is no warranty. Fast shipping options are not available for hydro turf seats. (If you choose at check-out, your order will be refunded and your order will be processed at ups ground. If you don't select Rush, please take 3-5 business days before tracking information is available. Write (no reviews) Review SKU: HydroTurf37x58TwoTone Shipping: Free Shipping Hydro Grass Sheet 37 x 58PWC and Boat #SHT40F #SHT40CG Sheet May Have Some Small Holes. This is a natural occurrence in EVA materials. 3M self-glue makes installation easy! Fast shipping options are not available for hydro turf seats. (If you choose at check-out, your order will be refunded and your order will be processed at ups ground. If you don't select Rush, please take 3-5 business days before tracking information is available. The 37x 58 hydro grass seat PWC and boat #SHT37CG-2T #SHT37CD-2T seat may have some small holes. This is a natural occurrence in EVA materials. A two-tone seat on 1/4 (5.5mm) hydro turf with a hard, durable and sanded finish. The actual sheet size is 40 x 62, but some colors around the edges may be inconsistent. The available area is approximately 37x 58. It comes in two designs: cut grooves, cut diamonds (choose design options from the drop-down menu) and groove cut: run the length of the straight and home sheets. Cut diamonds: In an effort to produce small diamonds, 1-2 corners may be missing. Marble sheet size has a color available in all designs 38x 59: black in white, black in gray, gray in black, black in royal blue, royal blue to royal blue, royal blue to white to gray in white. The following colors are available (choose the color option from the drop-down menu) but they are not covered by the warranty as evidenced by fade: black in orange, black in lime green, red in black, red in black, red on black, black on pink, yellow on yellow, yellow on white, red on yellow, red on yellow Pink in white, purple in yellow (please call us if you want to order this color) and related product customers have also seen free shipping on orders over \$150.00 category call us today 814-695-5778 category rental tool Atv Tool Pwc Tool Utv Tool shopping our online catalog Decals Super Sale! The blow lists all available colors and home options. Note: Hydro grass grass begins production life with 'flat home sheet' of grass material. Molded diamond patterns are made in a plant similar to waffle iron and compress a flat sheet of hydro grass material into the desired diamond forming groove. We stock up on heavy duty MOLDED diamond grooves in black, light gray, dark gray, lime green, red and royal blue. Not available in any of the other hydro grass colors listed. All other hydro grass sheet color options listed are grooves through the mechanical (cutting) process at hydro grass in California. Grooving is created by processing (cutting) the pattern into a flat sheet. This machine cut home process is how diamonds, waffle and straight groove sheets are manufactured according to our special order. We pride ourselves on stocking home options with as many colors as we can think of! See our special formulated solvent-based mat glue Note: Hydro-grass is recommended to fade in certain colors, which can occur quickly and seriously in some cases. Hydro grass (lime green, orange, red, pink, yellow and yellow camo) does not guarantee the following colors: The sheet may have a small hole. This is a natural occurrence in EVA materials. In an effort to produce small diamonds, 1-2 in the corners may be missing the groove. The marble sheet size is a little small at 38x 59.
